MODLIGHT® ILLUMIX

SLIM & CLASSIC LINE RGBW

Two Functions – Illumination and Status Display – One Device

The Modlight® Illumix RGBW LED machine lights are revolutionizing the way machines and work areas are illuminated and monitored, as they not only provide efficient lighting, but also serve as a versatile status indicator.

Until now, requirements for industrial lighting and status displays were considered separately. Machine lighting was chosen to ensure optimum lighting conditions, while status indicators were selected to communicate important information. Modlight® Illumix RGBW is the best of both worlds combining these two functions in a single device.

STATUS DISPLAY

**Red, Green, Blue, Orange,
Turquoise, Purple** – on/off

LIGHTING

White – on/off

BENEFITS

Flexibility:

- Task lighting and status display in one device
- Status display has priority
 - > White lighting is switched off
- Energy saving LEDs light the work area
- Status display in the employee's direct field of vision
- Status information fills the work area

Economical:

- Status information can be recognized immediately
- Downtime Reduction

Energy efficiency:

- LED technology is generally energy-efficient, which leads to a reduction in energy consumption and operating costs

Longevity:

- LED lights have a long service life and require less frequent replacement

Immediate switch-on:

- LEDs reach their full brightness immediately, no warm up time needed

Environmentally friendly:

- LED lights contain no harmful mercury vapors and produce no UV radiation

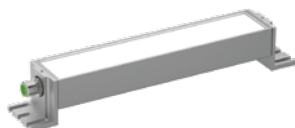

Overall, Modlight® Illumix RGBW LED machine lights offer an innovative solution to increase efficiency, safety and flexibility in industrial environments.

ORDERING INFORMATION

Modlight® Illumix Slim Line RGBW	Art.No.
Power: 4 W, Length: 218 mm	4000-75800-1416004
Power: 8 W, Length: 358 mm	4000-75800-1416008
Power: 16 W, Length: 638 mm	4000-75800-1416016
Power: 24 W, Length: 918 mm	4000-75800-1416024
Power: 32 W, Length: 1198 mm	4000-75800-1416032

Modlight® Illumix Classic Line RGBW	Art.No.
Power: 6 W, Length: 225 mm	4000-75801-1416006
Power: 12 W, Length: 400 mm	4000-75801-1416012
Power: 18 W, Length: 575 mm	4000-75801-1416018
Power: 24 W, Length: 750 mm	4000-75801-1416024
